Your must-have features

Easy to use

- Easy to schedule, easy to join, easy to share
- Available on any device—desktop, mobile, browser, video systems—with one consistent user experience
- No downloads or plug-ins required

Intelligent

- Never take notes in a meeting again with Webex Assistant for Webex Meetings, the first digital in-meeting assistant, offering voice commands, real-time transcripts, closed captioning, notes, and highlights
- People Insights lets you get to know the people in your meeting with useful information right at your fingertips
- Remove language barriers with real-time translation from English to 100+ languages
- Provide immediate feedback with in-meeting reactions and gesture recognition
- Have great meetings right where you work and learn—Webex is deeply integrated in the tools you use every day: Microsoft Teams, Slack, Google Calendar, Workplace by Facebook, Canvas, CarPlay, and many more
- Have fun with virtual and blurred backgrounds working from home, at a coffee shop or at the beach
- Work in smaller groups with up to 100 breakout sessions

Secure

Highly secure so you don't have worry about strangers in your meetings

Scalable

Easy to deploy and scale as your organization grows

Easy to manage

Get real-time access and details on Cisco Webex meetings, such as meeting duration and participants list through Webex Control Hub
